

15th century bronze Laos Buddha statue

- Material : bronze
- 21 cm high
- 15,2 cm wide and 8,6 cm deep
- Bhumisparsha mudra
- 15th century
- With inlaid silver eyes
- With Khmer (Cambodian) influences. The hair is typical Khmer, Bayon.
But the face and the silver eyes seem more Laos.
- The dating is confirmed with a TL-test, see pictures
- Originating from Laos
- Nr: 3631-10

TEST DE THERMOLUMINESCENCE

RÉFÉRENCE : QED11N18-456

Provenance et époque présumées :
 Cambodge ou sud Laos
 (XV^e - XVI^e siècles après J.C.)

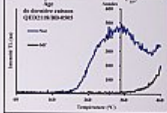

Description :
 Matériau : **Matériau céramique**,
 bricole constituée de terres cuivrées
 (matériau de la terre à la vier perdue)
 Hauteur : 21 cm

Présentation :
 à l'abri d'un sac en toile

Caractéristiques de Thermoluminescence :

Date archéologique :
 La Cp

Conclusion de l'analyse :
 Les résultats obtenus sur le prélevement indiquent une cuisson dernière compatible avec l'époque et le matériau présumés.

L'âge de la dernière cuisson de prélevement se situe entre 400 et 500 ans (Est.)
